

CT-F401RE Evaluation Board

Board name: CT-F401RE

Team: CoreTrace

Designer: S Navaneeth Krishna

Institution: MITS Kerala

Overview:

Compact STM32F401RET6 evaluation board

inspired by NUCLEO-F401RE. Features USB

power, SWD debugging, UART/SPI/I2C headers,

18 GPIO pins, 4 LEDs, and onboard buttons.

Designed in KiCad on 100×100mm

2-layer PCB.

Key Features:

- STM32F401RET6 LQFP-64
- AMS1117-3.3 LDO regulator
- USB Micro-B with 22Ω series resistors
- 8MHz HSE crystal
- SPDT BOOT0 switch
- GND copper both layers
